This is the 10th anniversary of the Glassdoor Employees' Choice Awards. The Best Places to Work are determined using company reviews shared by US-based employees between November 1, 2016, and October 22, 2017. To be considered for the large category, a company must

have at least 1,000 employees and have received at least 75 ratings across eight workplace attributes from US-based employees during the period of eligibility. The final list is compiled based on Glassdoor's proprietary algorithm and takes into account the quantity, quality, and consistency of reviews.
